HOROSCOPES

Monthly gay horoscope for October, 2004
(c)Copyright 2004 by Richard Brown, all rights reserved
ISSN 1499-6537 <http://www.gay-astrology.com>

ARIES March 21 - April 19

Assemble your collection of four-letter words, vulgar hand symbols, and theatrical poses. You'll need them early in the month with the solar eclipse in your house of relationships on October 3rd. A bad mouth is a bad start to a bad month, and your dearly beloved lover, lucky soul, will be the recipient of your wrath, anger, and indignation. Allow us all to sigh and shake our heads in astonishment as you overdo the whole situation by doing it over. You lover ain't perfect, but then neither are you, duckie, so what's this silly quarrel about anyway? Turn off your brain, your mouth, and the lights. Let your crotch settle this one.

TAURUS April 20 - May 20

Not the month to kiss the boss's bottom to get a pay raise or a promotion, although that likely wasn't on your short list of activities in any event. Now listen carefully: the bottom you want to kiss this month has to be spotlessly clean, up to hygienic standards only found in hospital surgery rooms, which of course leads us to your romantic doctor fantasy, or was that your horny nurse fantasy? I have trouble keeping track. Regardless, let your mind do the wandering and not your hands. By month's end the lunar eclipse in Taurus dashes all hope to disappear into the ethers. But then wasn't ether part of the hospital fantasy?

GEMINI May 21 - June 20

Attention, world! Gemini is about to launch into a soap opera of proportions unheard of since the invention of television. All you budding script writers get your laptops booted up. All you drama queens get your makeup ready. Here's how the plot begins: Disillusioned by the lack of perfection at home in the bedroom Gemini launches out into the A-list circuit of socializing using fraudulent invitations, phony lines, and a maxed-out credit card. Everything is going just great until the trick from hell appears having

emerged from the depths of the alleys, scum holes, and jail cells. You know what happens next. Gemini falls in love with the trick from hell. The rest you'll have to pay admission to see on the big screen. Lights, camera, action!

CANCER June 21 - July 22

It's legit for once! You really, really, really do have a legitimate reason to whine, complain, and cry even. It's appalling. In fact, it's worse. It's dreadful, and you're just oozing with emotions. Go out and buy some extra plates and dishes so you can throw them against the wall while you scream and shout. Rail against the injustice of it all. Phone your mother. Buy some antiques, but make sure the entire world knows you are wallowing in the emotional swamp of more emotions than any 10 neurotic swizzles sticks could muster. Go for it! Oh yeah, and when you get done, tell your lover to return the black leather thong to the kink store.

LEO July 23 - August 22

I'm giggling so hard I can barely write this. I mean I just know what's going to happen when you trot out your best and finest lines in some smoky bar on Saturday night. Now you thought that the same old charming, gracious, and even melodious words you've used faithfully for years were going to work their usual magic on this hot little number. Well, the hot little number has your number, buster. Oh to have a webcam in the bar to broadcast your facial expression when the object of your desires shrieks: "I know you! There's a webpage up about your pickup lines. www.losers-for-days.com It's in the troll section!" Some advice, dear Leo. Upgrade yourself.

VIRGO August 23 - Sept. 22

Ow, and ouch! Beware that Virgo tongue, that rapier-sharp wit which acidly dissects the universe, the world and the people in it. Yes, your scathing commentary is true, accurate, and in many cases justly and well-deserved. Except not this month. Even if you can find it within yourself to be diplomatic (which surely is heresy for in Virgo Land) it will only soften but not prevent the faux pas of the season if not the year. Yes we know you are only prepared to settle for

the absolute perfect lover, end discussion thank you very much, but this month has so many shades of grey. The point is, only if you can swallow your pride will you find other more tasty things to swallow.

LIBRA Sept. 23 - Oct. 22

It's your month. Libra! Hooray and congratulations. Enjoy the first two days of it. For on the third day, the cosmos conspires to wreck the perfect harmony and delicate taste of the Libran essence. How so? Karma, my dear, karma. The fates doth bring a wrench to your ever so balanced life. Oh yes, this will seem like the perfect love, even the perfect lover, and perhaps happily ever after to boot. (Could any Libran ask for more?) But buy this bottle of snake oil at your own peril. You have been warned. It's payback time. You may even have to eat a cheese sandwich on white bread with no mayonnaise. Horrors! Worse than that, you might even enjoy it. Happy nightmare.

SCORPIO Oct. 23 - Nov. 21

Do not, repeat do not move in with the hot trick after three steamy nights. You have at least six planets and a solar eclipse in your house of karma. This is overload even by Scorpio standards. I cannot conceive of the long, dark night of the soul the fourth night would bring, although the long dark part would probably appeal to you just fine, as would plunging to the depths of your soul or some other part of your anatomy in the dark of the night. Come to think of it you probably will come, and then think of it. Oh well, the High Secret Brotherhood of Mystical Darkness will likely rescue your butt again. They're into that sort of thing, your butt that is. Which likely will need something after this month, but we'll let the secret brotherhood decide what. And when. And how. And whom, for that matter.

SAGITTARIUS Nov. 22 - Dec. 21

Okay, look, we know you like your friends. Right? And they're like totally cool, right? And like they've been your best friends like forever, okay? But are you really going to believe them about this spiel of the lost civilization of the Makatongas and the seed civilization of the Ancient Order of Truth and Justice? Whew, even I stopped doing those kinds of drugs, and that was several years ago. Now let's get back to planet Earth, or a reasonable facsimile thereof (I'll fax you a copy of it if it'll help). The next friend who suggests exotic lost civilizations

to you, here's what you do: you tell them to explain it to you naked in your bed or get lost. I promise you won't find any lost civilizations doing this, but you mind find some other interesting artifacts instead.

CAPRICORN Dec. 22 - Jan. 19

Imagine climbing to the top of a mountain only to discover it is a black hole. Double bummer, dude. It's that kind of month. Maybe you find what you think might be the love of your life, but whammo, this one doesn't even have a life much less any capacity for love. Not that you're any Romeo to write home about. Don't take this personally but one does not write home about a Capricorn, one takes home the Capricorn's black limo. Which brings us to the problem of this so-called lover. It's one thing to get it on in the back of the limo, but it's quite another to shack up. Know the difference.

AQUARIUS Jan. 20 - Feb. 18

Travel at your own risk this month. If you don't get your pocket picked then you likely might find someone's hand reaching in your pocket with the intent of picking you up. You gotta be sharp to figure this out quickly. Just what is that stranger's hand doing inside your clothing? More importantly just what is your hand doing inside the stranger's threads? If your reach exceeds your grasp then you sure ain't no size queen. But if your grasp exceeds your reach, then you're just a greedy little bugger aren't you? Either way it's a month of manual dexterity unless it's Manuel, or Roberto, or Pedro or whomever else it is you pick up, let go, turn around, or go for.

PISCES Feb 19 - March 20

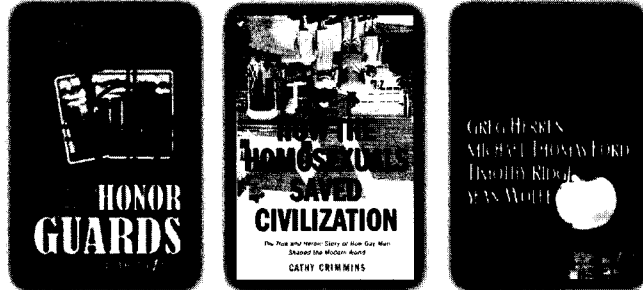

If you find yourself grunting in the middle of sex, then likely you are a candidate for little Miss Piggy Of The Month. Oink, oink. Enjoy it. Months like this don't come often, well the do come often, but not often enough, or frequently enough for that matter. Now not to worry if you don't get a name, phone number, email address, or whatever from whomever it is doing it whenever or evermore. This isn't the time to worry about that. It was dimensional gap, or at least a well-placed hole that brought this little (on second thought this one is actually quite large) piece of heaven into your life, or body or wherever. Skip the details. You're candle-lit cloud has been this much fun in too long. Wrong, too long is impossible for you. Oh hell, this is heaven. Just enjoy it.

Now what you all have been waiting...the good stuff...let's start with Taylor Roberts. As most know, Taylor was one of the contestants at the Miss Continental national pageant this year. Rumor has it that Miss Roberts spent some time in one of Chicago's local jail houses during her visit...again, this is rumor?. Shortly after her return from nationals, Taylor informed everyone that she was moving to California for 6 months for a job and proceeded to have a big drag sale. I have to say, I find it odd that she would suddenly have to move for only 6 months and why sell all her drag if she's coming back?? It's not hard to see, when adding it all up, there is more to this story then what is being presented by Miss Roberts and trust, mama will pass it along when I find out. The Miss Gay Forest City pageant was uneventful in more ways then one. Holly Hot Damn was her usual hot mess. At the end of the night I was told she fell on The Office's stage and tore down half the curtain's. Gurrrrrrl, you just leave your mark every where you go don'tcha. Also the night of the pageant, from what I was told, an Office employee found a queen having a good time in the

apartment behind the dressing room. Rumor has it a queen and a couple boys excited after they were found out...you go girl whoever you are. Then there was Mr. Gay Wisconsin at Large and his boyfriend fighting after the pageant from which I was told continued all the way through to the after bar. To wind up the night, one of the owners of The Office had his x's boyfriend at his side and/or dancing with him all night. I have to wonder what is up with that and where was the x-boyfriend? The whole night was a full night of fun. I wonder what MsShalay has planned for next years pageant??

Well friends and family, that concludes another month of news, gossip and drama. As always, remember, if you don't have anything nice to say, email it to me at Grease@edgemagonline.com.

A'Lotta Grease

.....is the WORD!

Hi everyone...here we are again, another month of news, gossip and rumors. Last month I ended my column writing about the upcoming election. This month I'd like to start my column writing about the election because I cannot stress enough how important it is that we as a community come together and voice our desire to have Bush out of office by VOTING! It is IMPERATIVE that everyone is not only registered to vote, but exercises this right by voting. We as a community, locally and nationwide, have the power to make the difference. To show our country the power we do hold, our community will be holding a spending boycott nationwide on October 8th. As I'm sure it is of no surprise, our community spends nearly 3.4 million dollars DAILY throughout the nation. By joining this boycott, we can show our government that we ARE a needed and important part of this country. Being part of the G.L.B.T. community, I will be proud to support this boycott and will be proud to vote in November...I am asking the same of you. Be proud of who you are and proud to show it!

Ok, on to the past month in review... Labor Day weekend was a good weekend for both clubs here in Rockford. This was the first weekend that the Oh Zone showed off it's new look. They shut down for two days to give the much needed face lift. Good job Frank, the place looks much better. Down at The Office NiteClub, with the Waterfront gate being all of 2 blocks away, it was a busy weekend. Ronnie Nyles & Chix Mix was on stage performing for a packed show lounge Saturday night, with John spinning Friday and DJ Chris on Saturday. On Monday, Jim Flint held his 25th anniversary Miss Continental national pageant. For those of you who made the trip

into Chicago for this event, you would have to agree, it was a great pageant. The Office's Miss Illinois Continental Neely O'Hara did a great job with the package she presented. Unfortunately, she didn't make the top 13 cut. Erika Andrews was crowned Miss Continental 2004-2005. Congratulations Erika! Not a bad accomplishment being your first time running for Miss Continental. Sasha Valentino captured first alternate. After 3 weeks off, the first show at The Office in September was spectacular. Of course the show included the in house diva CeCe Martin with special guests Chantal from Kenosha, Kyllie West from Milwaukee, Paul Lopez from Chicago's Baton and Alexis Principle from St. Louis. Everyone put on a great performance including Kyllie's amazing toe tappin' number, but Alexis, gurrrrl, you can turn a party! I've heard we will definitely be seeing her again. The following Thursday, DJ Cody Domino released the next generation in his cd releases called Adrenaline. The club was full with a cd in everyone's hands. Congrats on a great release party Cody! (gotta suck up to the boss every now and then J) The next Saturday Shontel Productions held their 2nd annual Miss Gay Forest City USofA pageant. Contestants Shannon Dupree and Monique Green battled it out for this crown. Both scored very well and close in all categories. Monique was crowned Miss Forest City USofA, with Shannon as first alternate. MsShalay will be sending both contestants to the Miss Wisconsin USofA pageant November 19th and 20th. MsShalay did a great job in putting the pageant together! For the last show of September, The Office had the show of returns. Both from Chicago, Tajma Hall and Sadye Michaels graced the stage. Sadye was a regular cast member in their show lounge and Taj took some time off to fulfill new obligations she gained with being the new Miss Canada Continental Plus. The show was hot with CeCe Martin, from Madison Cass Marie Domino and CC Rae. These girls put on a great show!

Take My Advice...

By Tajma Hall

Dear Tajma Hall,

I briefly read an article online about "Internet Cheating". It talked about how some men and women chat with other people sexually online, like in the chat rooms, while they already have a special someone. I'm currently dating someone who loves to go online. I don't know what he does online, because that is his business. But I do wonder what sites he's been visiting. Now, what do you think? How far is too far when it comes to chatting online? What if it's all play and nothing really becomes of what he does online? Your thoughts would be appreciated.

Sincerely, Second to the Internet

Dear Second to the internet

I think the first thing you need to do is stop worrying and think. There are many articles circulating throughout the country that make us wonder if we are victim to that particular subject. The media should not have as much control over our minds as they do. When we read articles it is important that we take it for exactly what it states and not begin to apply it to our own life. Unless your partner has become very secretive and you feel things are being done behind your back then you really should not worry. As I always say communication is the key. If you really are worried then share the article with you partner and also share your feelings about the article. Allow your partner a chance to respond. If you are still concerned after your conversation then you need to decide what step to take. However do not jump to any conclusions. Do not start snooping around and checking the history on the computer. All that

will do is make you miserable and suspicious of everything. Relax and remember the love and trust you both share. Do not allow the media to destroy the future you could have with your partner. Just remember....it is ok to window shop as long as a purchase is not made! Stay positive and keep me posted. Much Love....Lady Taj

Dear Miss Canada Continental Plus,

I would have gotten this letter to you earlier, but I LOVE TO PROCRASTINATE! I have a lot going on in my life, but my head won't stop spinning long enough to concentrate on any one project. I hate doing things last minute, but I always find my self in the same situation. I have a very demanding work and personal schedule and I'm afraid if I don't do something soon, everything is going to come crashing down on me. What can I do?

Yours Truly, Procrastinator Jon Doe

Dear Procrastinator Jon Doe

Baby this is the story of everyones life. You are not the only person who procrastinates. Studies show that a large number of the worlds population are procrastinators and many do their best work this way. I also have a very demanding work and personal schedule and I always feel like I am going to explode if I do not change. But the reality is I AM NOT GOING TO CHANGE and you probably will not either. You have to learn to live with it and know that everything will not come crashing down. One thing I do know is life is short and there is nothing that should stress you out enough to cause a life threatening crash. If you find yourself in that situation then you need to

Music Review

Kristine W FLY AGAIN

I've been waiting for this release all summer, and now here it is, FINALLY!!!! After listening to this album, I have to say that I love it!!! A lot of the sound is typical Kristine...she always brings a little fun and drama to her music. What I love about her material is that there is always a mixture of dance, cabaret, jazz, electronica, and even live instruments (she plays a mean sax!!), not to mention that charismatic, powerful voice that you cannot deny as being striking! Everything from the production to packaging, from songwriting to harmonious beats and melodies, this is definitely a must try, especially for long time KW fans like myself!!

Track 1 - "Fly again". Very unique dark sound, great dance song. Easily No.1 on the charts

My personal favorite track is Track 2: "I'll Be your Light". It starts off with a little freestyle sound, then progresses into a warm summer pop dance song. It has the same effect on me as Amber's "Love on You".

Track 5- "Living Out Loud" is very similar to "Land of the Living", in terms of slow cabaret jazzy opening, then after a minute, she slams you with dance beats!!

Track 6 - "All that Really Matters". Another great dance song. Great Lyrics. I can't stop tapping my foot too.

Track 7 - "Crazy Life". Great intro with all the sound effects in the background. Another Fav.

Track 12 "Big Big Band" The song is bit slower, but lyrics are very interesting. Again, she's throws a little drama in there with her sax!!!

rid yourself of whatever or whoever is adding the unnecessary stress. I think we have been told all of our life that procrastination is a bad thing but I think that if you get it done then it is no ones business how long you wait before you do it. Tell anyone who does not like it to kiss your ass and move on. If you would have asked me this question six months ago I may have given you a different answer. I have learned some valuable lessons in the past six months and realize that nothing and nobody will take my happiness away. So baby don't worry just be happy and to hell with anyone who has a problem with it. Hugs and smooches....Lady Taj

Well boys and girls it is time for Lady Taj to go get a manicure, pedicure and facial so I will leave you all with this one thought....Remember that the world did not give anything to you and the world can not take anything away.....I love you all....
