Wisconsin Pride Parade June 11

Largest turnout in 6 years predicted

The sixth annual Wisconsin Pride Parade is expected to be the largest in the event's six year history according to organizers Sheldon Schur and Ric Finger.

Serving as the parade's Grand Marshal this year will be State Representative Tammy Baldwin (D-Madison), Wisconsin's first openly gay assemblyman. Highlighting the parade will be the Minnesota Freedom Band, a Minneapolis-based marching unit. The parade will also feature decorated cars and floats as well as a number of organizational marching units from around the state.

The parade will step off at 12:30 PM from the Pridefest grounds at Veteran's park along Milwaukee's lakefront. The fourteen block parade route is a little less than two miles long and the entire parade should take about 1 1/2 to 2 hours, according to Schur and Finger.

Parade participants will find convenient parking in the O'Donnell Park parking pavillion located adjacent to the Pridefest site. "Come comfortably dressed for summer but I'd suggest a jacket as well," Schur said. "Every year's been different weather-wise."

"We're still looking for a drum and bugle corps," he added. "That would make the event complete for us."

Schaefer Serves As New Positive Voice President

Lloyd Schaefer is the newly-elected president of Positive Voice, Inc., northeast Wisconsin's gay/lesbian service organization.

Also elected are Mike Fitzpatrick as vice-president, Paul Hofmann as secretary and Bob Destree as treasurer.

Designing Men has opened a store in Milwaukee featuring custom leather goods, t-shirts, jewelry, cards and gifts. Now that we have Afterwords Bookstore and Designing Men in town, there's no reason to do your shopping in Chicago anymore!

Elected to the group's board of directors are Jerry Wellens, Doug Thompson, J. J. Menting, Anne Grinke and Gary Klug.

The nine were elected at Positive Voice's annual meeting in Green Bay on May 15.

Positive Voice raffle seeks to raise & pay off \$1500

In an effort to continue and expand its programs and services, Positive Voice is holding its first-ever "3-2-1" raffle.

Rather than a specific prize amount, the first prize winner will receive 30% of the gross ticket sales. Second place is 20% of sales and third place is 10% of the take. With 5000 tickets being made available, it is possible for the top payoff to be as high as \$1500.

Proceeds from the raffle are targeted to maintain the expanded coverage of the Positive Voice Newsletter, provide expanded general membership programs and fund service projects.

Tickets went on sale at the annual meeting on May 15 and be available from PV volunteer salepersons at gay events throughout the summer. Tickets will cost \$1 each or 6 for \$5. Drawing for the prizes will be held at the PV annual picnic to be held August 19 at Colburn Park in Green Bay.

destroying virus, rebuild the immune system to the point where it controls the virus. He claims that just this can be accomplished by careful diet, the use of combinations of immune-stimulating herbs, vitamins and minerals and natural detoxificants. This approach to healing, as reflected in the organization's literature and in the reports coming in, is eclectic. The whole of the work of Keep Hope Alive consists of networking on a vast scale with P.W.A.'s here and abroad who are using holistic self-treatments. Subscribers to the organization call and write in, reporting on results of protocols being used. Often these reports are accompanied by recent diagnostic lab results. Over time Mark has been able to determine from these reports which treatment approaches are most successful. The entire process, in Mark's words "is one of increasing refinement." Mark wants to find out what treatment protocols work best at the most minimal cost to the individual. There is an enormous worldwide involvement occurring with Keep Hope Alive these days.

I spent hours examining the literature and materials of this organization. I listened to taped calls and read the extensive body of reports accumulated by K.H.A. over the last year. I looked at lab/blood-works reports sent in over weeks and months by the same individuals, noting improvements in CD4 counts, WBC's, platelets and other immune parameters. In many instances the improvements were remarkable!

Coming full circle on this topic, I discovered that, although AIDS stands as generally incurable, it does not have to be progressive and irreversible. And that justifies reason for HOPE!

AIDS Walk Wisconsin Steps Into Action

Northeast region steering committee sets June 17 outreach

"We're back and we're bigger and better than ever," said 1995 AIDS Walk Wisconsin Northeast regional steering committee chairperson Karen Buschke referring to the group's recent reactivation.

"We've had volunteers doing research and assembling lists for about a month and the committee plans an even wider distribution of materials this year," Buschke said.

The NE Walk committee has set it's first distribution outreach for Saturday, June 17, 1995, beginning at 9:30 AM at Center Project's Green Bay offices, 824 S. Broadway. Following a

continental breakfast and training, volunteers will begin a four-hour sweep of the city and surrounding areas placing AIDS Walk registration poster stands in business and other locations. After the outreach the volunteers will return for check-in and a pizza party.

"Anyone interested is more than welcome to become a Walk outreach volunteer," Buschke said. "It's a little exercise, a little sun, a little food and a lot of fun!"

For more information or to volunteer for the outreach, call Carrie at 437-7400 (Green Bay and vicinity) or (800) 675-9400.

This is a major Madison event. Call Gary (608) 255-1523 to register. Workshop is \$7, and sponsored by Dairyland Cowboys and Cowgirls.

Guernsey Gala Udderly Fabulous

June 24 prom previews the '95 herd of contestants

Northeastern Wisconsin's fourth annual Gay Guernsey fundraising competition will kick off with a 50's & 60's themed prom Saturday, June 24, from 9:30 PM to midnight at SASS in Green Bay.

Dowager Guernsey Queen Elsie Bovine (aka Guernsey coordinator Wayne Thiele) will present this year's eight contestants, sponsored by area bars, and bid a fond farewell and salute the 1994 Guernsey Queen, Sue Sanger.

Prom goers are encouraged to wear either formal attire or 50's & 60's period clothing. The poodle-skirted and ducktailed denim crowd will dance to classic rock and roll and enjoy cameo performances by area entertainers throughout the night.

Gay Guernsey fundraising begins officially on July 1 and will continue to the Guernsey Gala on August 5 at Brandy's II. Each contestant seeks votes in the form of dollar donations. The contestant with the top number of votes will be crowned this year's Guernsey Queen.

"KEEP HOPE ALIVE"

Healing Hope and Holistics

By Jimmy C. Foster

It is common knowledge that AIDS is an incurable condition. It is described as progressive, irreversible and, to reiterate, without cure. This epidemic has been raging now for about fifteen years. Summing up the situation in 1995, in the words of Mark Konlee at "Keep Hope Alive", "Next to nothing has been accomplished." With all the billions of dollars applied to research, fifteen years later we have a very, very narrow approach to treatment. This approach which consists, in the main, of what are called nucleosides, continues to be under intense debate both within and outside medical circles. The pharmaceutical manufacturers, starting with Burroughs Wellcome, cite (from principally their own studies and statistics) life-extending benefits from treatment with these DNA terminators. The first drug in this class to be 'fast-tracked' to AIDS sufferers, was AZT. Since its introduction, the AIDS establishment has rushed onto the market DDI, DDC, D4T, 3TC and now, Nevrepine. DDI was introduced in 1989 with virtually no trials/studies conducted on it. This drug, it is worthy to mention, is more cytotoxic than AZT. What do these drugs share in common? They are alike, slight vari-

ations on AZT. Interestingly, side-effects produced by these drugs mimic some of the same symptomatology produced by AIDS itself! AIDS research has centered and stalled on first, the development of more variations on AZT, and, secondly, finding combinations among these drugs to "enhance efficiency" in slowing viral replication.

Mark's response to this: "And this is considered credible science? Mixing and matching drugs in a similar class? Spending billions in the last two years attempting to find a most 'optimal' cocktail?" Mark will remind his listeners of something that is just simply unavoidable. That is, with all these drugs in use to combat AIDS, either singly or in combinations of two or more, the morality rate of this conditions continues unabated. Mark also cites significant studies that indicate no life-extending benefits from these drugs at all. Two well-conducted studies are, first, the 1989 VA study on AZT and the European Concorde study of 1993, both concluding that AZT offers no benefits to AIDS sufferers, and indeed does not prolong life.

Mark, sweeping aside the entire 'establishment' approach, thinks he has a better one. An approach that is sensible, sane and delivers results. He claims that he can solidly support these claims - and apparently he can do just that. His approach is this: rather than attempt to inactivate the immune

Angel Benefit Raises \$2700

Dinner date a smash, court date a dud

More than a hundred supporters primarily from
northeast Wisconsin joined Georgie and Annie
Grinkey May 19 to raise over \$2700 at the
"Help Adopt Angel" Benefit dinner and concert
at the Swan Club in DePere.

"It was wonderful evening, seeing all these
people coming out to support us," Georgie said.
"The gay community really showed it cared
about what we're going through."

In addition to the large turnout from the Green
Bay and Fox Cities gay communities, a signifi-
cant number of straight supporters from the
Grinkeys' church also attended.

The combined proceeds from the dinner, silent
auction and donations will be used to offset the
nearly \$12,000 in legal bills generated by the
couple in their ongoing effort to have Annie
legally recognized as Angel's co-parent.

Those bills have continued to climb as a result
of a new round of court hearings earlier this
month, in which circuit court Judge William M.
Atkinson denied the Grinkeys' latest motion,
which would have permitted Georgie to relin-
quish her parental rights as the natural mother
and then granted the adoption to both Georgie
and Annie as a same gender couple, following
recent precedents for same-gender couple adop-
tions in other Wisconsin courts.

The event featured a silent auction of items
donated by dozens supportive Green Bay area
businesses and individuals. Auction items fea-

tured original artwork, dining and weekend get-
away packages and an autographed Packer foot-
ball.

The evening was both entertaining and infor-
mative, featuring music by Madison entertainer
Mary Waitrovich and a legal update on the
Grinkeys' case and its impact by attorney Judy
Newton.

Ms. Newton stressed the larger issue of the
case was the legal recognition of "families in
fact" which can include same gender couples
but also other basic units of people connected
genetic, affectional and other ties. Ms. Newton
also encouraged gay couples to substitute the
term "same gender" for "same sex" when they
speak of their relationships because those rela-
tionships primarily concern everyday affectional
ties rather than the periodic episodes of sexual
activity.

The May 19 benefit, sponsored by Northern
Womyn, Positive Voice, GLEEDA, Brandy's II,
SASS and the Pivot Club, was the first commu-
nity-wide fundraiser for the Grinkeys. Another
fundraising show tentatively scheduled for late
October is now in the planning stages.
