WHAT'S HAPPENING ?

HALLOWEEN PARTIES are being planned all over the place. All those that we know about appear in the dates in this Calendar. Check the ads for fun times at your favorite places, and if you can attend all of them in "proper" style, you should get some kind of award!

BAD NEWS: America's gay community has realized a great loss with the resignation of Dr. Bruce Voeller, Co-Executive Director of the National Gay Task Force.

He is one of the Founders of the Task Force, and has been instrumental in many of the most important accomplishments in the quest for equality for gay people.

He has helped the Task Force grow to a membership of nearly 10,000 with an annual budget of \$300,000. He has seen TV and other media learn to treat gay people with a good and proper regard. He was among the first gay people to get into the White House also.

He has done these and countless other things in a low-key manner without obnoxious radical behavior, getting results through quiet negotiations, always setting the finest example.

He says the time has come to "rest, write and get on with my personal life." It is a personal life which he set aside to benefit us all. Thanks, Bruce, you will be missed.

GOOD NEWS: The Berkely City Council (Calif) has approved possibly the strongest gay rights ordinance in the nation.

It forbids discrimination on the basis of sexual preference in employment, credit, schools, city services and facilities and housing, except in two-unit, owner occupied houses.

What's Happening at the Planet Circus??

There has been much confusion of late involving the Planet Circus. Here is the straight (gay?) scoop:

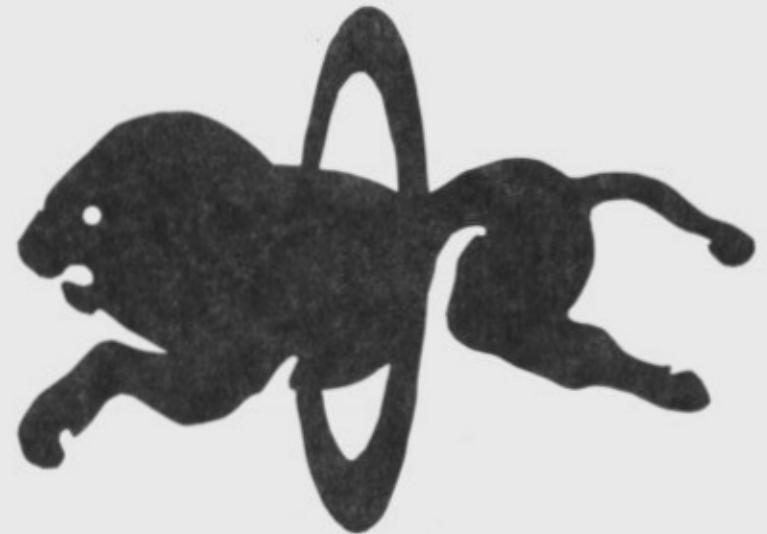

The Planet Circus has been purchased from its present owners, George Prentice and Jim Seeboth, by its Manager, Mike, and Bar Manager, Rick. George and Jim have decided to devote full time to the disco design and installation business, and George will also pursue a racing career.

Planet Circus will continue to operate under its present ownership and policies through October 28th, 1978. At that time it will be closed by its new owners and re-opened as an exclusively gay disco on Wednesday, November 1st. The new Club Circus will be a card club. The card will entitle holders to reduced weekend cover charges, reduced drink prices, admittance of non-card holding guests and periodic specials. You may acquire your card at no cost immediately at the Planet Circus or from Mike, Rick, Greg, Mike DJ and Ron DJ wherever you see them.

Sincerely yours,

Mike & Rick

REVIEW: THE WORD IS OUT

THE WORD IS OUT is a documentary in which 26 gay people from throughout America were interviewed. The program was broadcast Tuesday, Oct 10th, 8-10pm on Channel 10. Six San Francisco film makers from the Mariposa Film Group interviewed approximately 200 Gay people, and from this group, picked the 26.

Those interviewed were from all walks of life, of a wide range of ages and of varying racial, ethnic and educational backgrounds. Overall, the program was somewhat female-oriented, possible due to the sponsorship.

The two hours moved at a fast pace as this cross-section of our gay community candidly related their discovery of being gay, coming out, and how they have coped in this basically heterosexual world. Some expressed their philosophies of life and themselves as gay people.

This broadcast was one of the positive statements made on television today about our gay community. It was reassuring for any gay person (especially the young who are struggling with their feelings) and informative for heterosexuals.

A great many gay people tuned in this program Tuesday. It would be interesting to know how many straight people did.
