# What's Happening?

Some days we should never get out of bed; and this is one of them. There's this cold that's going around, and this is one voice of experience saying you don't want it. It's awfull!

In the last issue we supported some candidates, & then they found out just how far this little bar rag gets, and to help them along, we pulled this off the racks until after the election. They did not want the endorsement of a gay publication to get into the wrong hands. I'd like to see them try that with ANY other publication. So much for lack of communication.

We are pleased to feature Mark Behar in our new Who's Happening feature. We are interested in more nominations for people who make good and valuable contributions to our community. Nominees don't have to be gay, and gay nominees can be recognized for their contributions to any part of our community, straight or gay.

Thank you for your cards and letters. From this side of the Calendar, it is pleasant to be getting them, and it is good to know how much you enjoy this publication. And yes, the Horoscope will be included again.

Editorially, this is my little swan song. That is just another improvement. Tom Baker has been working for the Calendar for some time in another capacity, and now he will lend his journalistic talents as well.

The full moon is alleged to have an effect on our private (private) lives. What did the eclipse do for yours?

### Gay People's Union Report

With the change of officers this January at Gay People's Union, some exciting things are happening.

Under the leadership of president Miki Doxtater and vice-president Scott Gatewood, the Farwell Center is becoming more dynamic than it's been in a long time.

The usual Monday night meetings at 8 pm, in a sort of limbo for some time, are being expanded and beefed up. March 5th is the monthly business meeting. March 12 the guest speaker will be Eldon Murray, "the erotic poetry of Walt Whitman." On March 19 GPU will show another in a series of entertaining films: this one is "The Seven Year Itch," a 1955 comedy starring Marilyn Monroe and Tom Ewell.

We're also glad to report that GPU's hotline service, temporarily discontinued, has been reinstated. The new hours are Monday, Wednesday and Friday from 7-10 p.m. The phone number remains 271-5273.

# Who's Happening?

**MARK BEHAR**

Twenty-nine year old Mark Behar has been chosen for "Who's Happening?" because of his individual contributions to the Milwaukee Gay Community.

Mark has worked with the GPU V.D. Exam Clinic since November of 1975, and has been Director since January, 1977. He is also Director of the Farwell Center, a position he assumed as of January, 1977. Mark is a competent leader, and demonstrates personal regard for the Center and Clinic. Says Mark, "My major concern at this time is finding a new location and facility for the Farwell Center."

Another present concern of his is "encouraging people in the Community to donate funds (which are tax deductible) to help support the clinic."

With a BA in Psychology from UWM ('72) and post-graduate work in Experimental Psychology at Tulane University in New Orleans, Mark works as an Emergency Technician-Ambulance Attendant for a private ambulance company here in the city. He is also a part-time photographer for GPU News as well as a teacher of sailing, canoeing, CPR and Advanced First Aid with the Red Cross.

Mark is an active member of the Disaster Action Team and the Speakers Bureau. He is unattached, and during his spare time he enjoys bicycling and camping.

The Milwaukee Calendar salutes Mark Behar for his involvement in and his contributions to the Community.
