## Cheap Talkin' Chi-Chi

By Chi-Chi

Greetings Gossip Mongers!

Well by the time this column comes out, all the festivities surrounding H.I.T. will have ended. I hope everyone has survived

the weekend, and again congratulations to Jeff "Rita" for his devotion and commitment of his staff to making this great event such a success.

I had the great pleasure to help Michael Jonas of the hunger task force as well as many others sort food at their headquarters. With members of the T.S.I.C. and my pals Joanie and Cece, we were able to sort over 12,000 lbs of food.

Recently a few staff members took a jaunt to Sin City from the M&M Club. Dede and Jezebel had a great time, and Boo-Boo finally took a much needed vacation. Boo-Boo had plans to surprise the previous owner Bob Schmidt in Palm Springs. I guess he needs to catch Bob up on all the gossip in Milwaukee, since Outbound doesn't get distributed that far, yet!

The Men's Voices Milwaukee recently held a fund raiser for their chorus at the always chic Boom. Over \$1,100 was raised with a special guest comic, Lorne Newman from New York. The boys will be holding their holiday concert in December so get your tickets for this event. Also coming in December is those leggy show girls from Radio City Music Hall in N.Y. M&M is sponsoring an outing with tickets at \$75.00. So see any bartender at M's to save your spot.

It seems that the term metrosexual or any other label is not enjoyed by a certain individual from Racine. He seems to enjoy all the attention he receives but believes he is on a higher plateau than everyone else. In fact, these ice cream moguls "Dean" and "Leon" almost didn't get past the Milwaukee Blue one night, so be careful. Also, remember that Tipping is not a city in China, so if you go to a bar for say 3-4 hours, it is sometimes nice to leave a little gratuity for your host/hostess behind the bar. And we're not talking about the ones you may or may not give the bartender later in the evening!

Could it be that a certain service industry worker that has left the profession has also forgotten their tipping etiquette. Not only do they leave pennies from heaven, but treats the top of the bar as their personal ATM withdrawal. So, boys and girls, be on the lookout for *this* "hot chocolate" because you might get burned.

I'd like to wish the beautiful Sheena of Walker's Pint a happy birthday. Only 26 but with a liver of a 36 year old. I'll have to see if Boo-Boo will get some Black Haus for you to celebrate in the future.

Also seen at the bar were Craig, owner of Switch and his right hand man Scotty. The boys from Triangle with their lead man James also took in an afternoon brunch after a mid-morning meeting. It must have been an early one, since James still had a little bed head hairdo going on.

I want to wish Heidi Ho aka David Hauzel a happy one-year anniversary with Michael. Michael just finished his license for massage therapy, so if you need a rub-down for stress relief, tell him Chi-Chi sent you. Joining David at Joey Bueno's is my favorite harlette "Jeff." Thanks for all the help at American Drag Idol.

**BEAR RIVER PROJECT**

Jake Rowe is a big bear of a lumberjack who likes to tell stories. While on a camping trip, Jake and his furry friends re-enact the hot times they have had in the great outdoors.

The fuzzy faced guys head to beautiful Washington State. As they sip their coffee and talk of sex, they bring up the subject of Lumberjacks.

A tale is told of the hairy and horny JAKE ROWE. Chopping wood gives him the hornies and he gets a woody himself. Jake strokes his cock and shows us his big pecs, biceps and hairy body. He licks his armpit as he pulls his pud. A hairy, bear lovers delight!

I was able to venture out on a recent Saturday to fluid to see Miss Kitty and De. I met a nice gentleman named Vic from South Africa who was visiting our city for work. He was hoping to see some eye candy and fluid didn't disappoint. Oh, by the way Miss Kitty, I did find my wallet.

It seems an ex-employee of M's cannot handle her liquor on Wednesday nights for her rendezvous with her dark and handsome boyfriend. I guess this “Chrissy Snow” was looking for a different kind of “blow” job. She didn't find any as of last report. I guess Michael had to blow his own horn that night.

Finally, if you're looking for something different to do, stop by the beautiful Blu atop the Hyatt Regency. My friend Pete, has just taken over after a stint at Momma's Cafe as the general manager.

With all the X-mas lights being lit for the holiday season, I'm sure the ambience at Blu will definitely put you in the spirit. So, say hi to Pete and you might see moi, herself, enjoying a nice hot “teddy.” I mean “toddy” as well.

So have a wonderful Kwaanza, Happy Hanukkah, and Merry Christmas and I will see you next year!

Keep the liquor flowing and the talk cheap!—Love, Chi-Chi

## Tales from the Trailer

By Terry Halverson

Hi All,

Trailer Terry here hoping you had a wonderful Halloween? I know it's some of my guy friend's favorite time of year as they are able to dress in DRAG and get away with it. A wonderful turn out at Club 5 for their Halloween Contest. Yes, even Bar Manager, Jason, managed to surprise me. He dressed like me, of all people. Scared the HELL out of me, as he meticulously detailed my jewelry, Daisy Dukes, Fanny Pac and shirt. I Freaked, thought he snuck into my Trailer for a wardrobe change. HMMMMMMMMMM, hopefully he was able to pick up a few TRICKS with the outfit.

Thanks Dave & Rick for my Trailer Park Shirt. I wear it with PRIDE.

OK... I will not try to TRASH my Friends too bad about our Puerto Vallarta Trip, as they wanted to edit this before and I would'nt let them. We left Chicago after a night of partying at Hunter's Bar across

from our Hotel. The two friends I stayed with informed me that they messed around while I was snoring. Pissed me right off as I told em I wanted to watch. OMG thanks to Denny for only napping an hour and calling the rest of us, or we would of missed our 6:30am flight, as our desk clerk fell asleep and didn't call.

Ok, five FAGs in a small van with 13 pieces of luggage was not the best way to start the morning off to the Airport.

We arrived in Puerto Vallarta Mexico by 2:00pm, off to the Resort, then Downtown HMMMMMMMMMM, only took four hours for one of us in town before he was getting HEAD in the Bathroom. OK I confess. Thanks guys for waiting for me TEHEHE. I was giving all the 1st timers a tour of the city and pointing out the cruisy spots. Puerto Vallarta if you have never been is BEAUTIFUL, my friends will agree to that.

### RULES FOR LEATHER BARS

(Interview with Smoky, KW Bartender)

#1 (THE Biggest Rule) Never touch unless you are invited to do so!

#2 Don't mess with the Master's Slave unless you ask the Master if it's okay !

#3 Choose a password that only you and your significant other know; agree that word will mean "STOP" immediately what you're doing.

#4 RESPECT FOR EACH OTHER-A SLAVE IS NO LESS THAN A MASTER. Remember one gives, one gets, and that's pretty clear. If Master OR slave says the secret word which means enough, or a simple NO—you have reached the limit.

#5 ALWAYS wear leather boots. Sandals or tennis shoes are not acceptable.

### HANKY CODES !!

Do I place it on left or right? Remember, left is GIVES (TOP) and Right is always GETS (BOTTOM).

I have listed the most common colors below. If you need a more complete list please let me know and I will get one mailed to you.

**Black** - Right= heavy S&M bottom; Left= heavy S&M top (women as well)

**Black & White Checked** - right= safe sex bottom; left= safe sex top

**Blue, Sky** - right= electrical toy bottom; left= electrical toy top

**Brown** - right= scat bottom ; left = scat top

**Charcoal Grey** - right= latex fetish bottom; left= latex fetish top

**Dark Pink** - right= tit torturee (receives); left = tit torturer (gives)

For you Leather Dykes, yes, this means you, keep your eyes on that ass. (related to men as well)

**Robin's Egg Blue** - right= 69ee;

left= 69er

**Maroon** - left= likes menstruating women; right = the menstruating woman

**Mauve** - left= navel worship; right= navel fetish

**Gold** - left= two looking for one; right= one looking for two.

**Orange** - left= anything, anywhere, anytime; right= nothing now

**Paisley** - left= wears boxers shorts; right= likes boxer shorts

**Teddy Bear** - left= Cuddler; right =Cuddlee

**Chamois** - left= rides motorcycles; right= likes bikers

Other symbols to watch for:

Bisexual- look for **fusia and dark blue stripes**

This varies from state to state, so ask first so that you are not in for any surprises. Also, hankies fade from the sun and washings, so keep your hankies fresh looking. You never know what else you'll be using your hanky for.

The STR8 resort we stayed at was Moderate but fun—five Queens and a resort full of Str8 people. After the 2nd day we had made friends with not only the Wonderful Staff at Get Away Sun Resort but with a bunch of people from Canada: Barb, Greg, Carlo & Carla. I was starting to corrupt the staff at the pool and told them I would play water volleyball only if all were NAKED. You guessed it we Played Naked. Naked, I went to my room to get my rainbow boa and blanket to wear by the pool. As I came down the elevator, a gardner pushing a 4-wheel flatbed cart saw me and said, "Terry get on." Didn't have to ask me twice. He pushed me across the resort on cart by the pool like I was Priscilla Queen of the Dessert—Boa wrapped around my head—feathers blowing in the wind—Sun Glasses—wrapped in a Rainbow Blanket. You had to be there. A friend of mine, Ken, couldn't stop laughing and everyone was taking photos.

I have to say this was the absolute best VACATION I have ever been on—the friends I was with, the people we met, the staff at the resort, and all the gay bars we visited. Puerto Vallarta still has the old charm and character. I will be planning a couple of Gay Puerto Vallarta Mexico vacations for 2004 and will keep you posted.

Your going to love this... Another friend of mine, Felicia, here in Madison. For those of you who don't know her, two years ago her parents asked what she wanted for Christmas and she said "HOOKER TITS." Well, she got them—BIG as ever. She called me and said, "Terry, one of my breasts is deflating as we speak. I need to cancel your Feb. cruise, as I need to repair my breast." I informed Felicia that I would call FIX A Flat and have a couple cans delivered to the SHAMROCK BAR, for a temporary fix. Felicia is repaired and

inflated again. God Love Ya GRLLLLLLLLLLLLLLLL.

Hope you all had a wonderful Thanksgiving Holiday. If you have any tips on how you STUFFED YOUR TURKEY and would like to share, please write to us here.

The Madison Gay Soft Ball League (COED) is looking for new members to join. Their traveling team, ROUGH RIDERS, will be hitting Palm Springs for a tournament in January 2004. ## Cruisin' Carl—Howling Night

By Cruisin' Carl

Terrific, it was Friday, Halloween night, or would that be "Howling" night? I thought I could sense a beefy werewolf on the loose. I could not I decide where to start out the night and decided to let fate take its course. I figured that a lot of good cruis-ing could be done, since so many would be out showing off their costumes, and hope-fully a hairy werewolf or two would show up.

Cruisin' along, I was just passing by Boom and noticed a hunky looking guy heading toward the place. I figured he must be going there. He had fairly short hair. Not a buzz cut which is my favorite, but short enough for my cruisin' appetite. Oh sure, I go for good looking guys with medium length hair and even long hair if they are especially beefy. Now, this guy going into Boom had a look that was different and I thought maybe I could smell his phero-mones as I passed by because my tool started to swell immensely. I pulled around the corner and parked my PT Cruiser. I was in such a hurry that I nearly forgot to lock the door as I fumbled with the keys in my haste to begin my pursuit.

When I finally got inside I looked around. The place was busy but not too crowded yet. Standing in the doorway with the door open, I raised up on my toes and looked to the back of the bar and still did not see him. My heart fell with a thud as I dropped back down on my heels and I just stood there with despair written on my face.

The bartender was dressed in a Cavalier costume, like one of the Three Musketeers but a lot better looking. Focusing my attention on him, I decided not to despair and instead be optimistic. Maybe he could be had. He certainly would be worth try-ing for. He seemed to be flirting, giving

me a nice seductive smile and as he walked away to serve another customer he grabbed his ass and I swear he gave me a second look over his shoulder. The bar got more and more busy and his attention became divided. I realized I better move on. Maybe I would find a beefy hairy werewolf.

Just as I was getting up to go, the door opened and the guy I saw on the street walked in. Except, now he was wearing worn and tattered clothes. His jeans were short and ragged at the bottom. His shirt was gaping open to his navel, buttons had been pulled off. Being Halloween night, no one seemed to notice his disheveled appearance—part of his costume. He seemed exhausted, even a bit disoriented. Beads of sweat were slowly running down the side of his face. His eyes, handsome and mesmerizing, were a bit glazed and distant looking as if he were puzzled about something. Then looked down with puz-zlement realizing he had no money. I quickly seized the moment and called out to the bartender to buy the guy a drink. As he turned my way, his chest became clearly visible, hairy and very beefy. Sexy, dark, large nipples barely emerged from his irresistible dark mat of fur. All in all, he was a hair lover's delight. His navel was a deep enticing well with his hair fol-lowing its contours inward toward the cen-ter where it was completely void of any hair at all.

I was getting turned on by the sight. My tool swelled such that my cock ring was getting very tight. I thought I noticed him too secretly glancing down at my prize possession but I pretended not to notice. As he looked back up, he let out a soft sexy growl and fidgeted in his chair. Now his tool was swelling massively too. He was on the prowl and I was going to get him.

*Cruisin' Carl — Continued from page 6.*

I thought I kept hearing a faint howl in the distance but assumed it was just my imagination, being Halloween night with its usual eeriness. However, every time I heard it, the hairy stud got fidgety and his eyes would dart about as if he heard it too. His chest hair was slick with sweat accentuating the contours of his pecs and abs.

Suddenly, someone in the bar let out an exuberant howl and the hairy stud gasped, grabbed his drink and gulped it down. He abruptly got up and excused himself. He said that something urgently popped up and he had to leave.

I thought, "Sure, your tool popped up, that's what!" The crotch of his pants was so tightly packed that he looked like he would blow any second.

He didn't wait for an answer or any good-byes from me—out he dashed. A moment later, I definitely heard an ear-splitting howl, making all the hair on my body stand up and shivers run up and down my spine. First, I thought it was him and that the howl came from outside. Another howl ensued and I realized that it was another bar patron trying to entice the sexy bartender into an after-hours soiree.

I was hungry in more ways than one and I had heard that the food at Out 'N About was getting rave reviews. Just as I was passing by Fluid, I saw him coming out. I was startled, only five minutes after seeing him at BOOM, he was dressed in good clothes. He made a quick change and freshened up, somehow. I slowed down and rolled down the window and asked if he needed a ride anywhere and he accepted. "I'm as hungry as a wolf!"

That response sent shivers up my spine all over again. But, as horny as I was for this hairy guy, I told him that I too was headed there for some dinner and asked him if he

would like a ride and join me for dinner. He gladly accepted and got in. My heart was pounding and my tool was swelling with anticipation. The wolf-like grin on his face told me he noticed my tool and my excitement intensified. I asked him if he took care of his urgency and he looked at me with such a blank look that I dropped the subject. Clearly, he didn't know what I was talking about.

Odd things seemed to be happening that night and I sensed something different about him. I brushed it off. I was too excited to let it keep me from my pursuit of getting a look at (and feel of) his hairy body, uninhibited.

We pulled into Out 'N About and this hairy, sexy stud was a respectable gentleman too—surprised me by holding the door open while grabbing me by the ass as a means of guiding me through the door. Dinner was great and the stud picked up the tab too. But, after dinner, the subject kept coming back to Halloween. He said Halloween always makes him crazy and lustful, to the point of uncontrolled ravishing behavior.

Just as he finished telling me his dark secret, someone in the bar let out a long undulating howl, like that reserved for use in scary stories told around campfires. The stud tensed up and momentarily became entranced. His eyes were blank and had a deep dark quality like obsidian Apache Tears. I thought I could see a faint point of flickering light deep within. Wraith-like figures dancing around a fire. The eerie look in him was suddenly apparent as being just the reflection of the disco ball hanging from the ceiling. I came to realize that my imagination was running wild, again. But, still, he seemed to change a bit. His actions indicated that he was nervous and his eyes darted about.

*Continued - see page 8*

*Cruisin' Carl — Continued from page 7.*

Just like at BOOM, he suddenly grabbed his drink and gulped down the last of it and his tool had swelled up to make his pants so tight in the crotch that he and the buttons on the fly of his jeans were about to blow. He pleaded with me to take him over to La Cage.

After a short but quiet drive, and having the best of luck finding a parking spot just around the first corner south of La Cage, we stopped to get out. Before I could get the engine turned off, the stud was hurrying on his way. I got out as quickly as possible and tried to catch up. But, as I rounded the corner he was already gone.

Since La Cage was my original ultimate stopping point for the night, I continued on. A large crowd was expected and I figured that if he and I did not connect, there would be others to pursue. Costume parties are always good for cruisin'.

Just as I was entering I could hear a wolf call above the din of the noise. My hopes that it was him sparked my lust and my heart began to race.

I had made my way to one of the bars and was taking my first gulp and someone grabbed me from behind. A heard a deep growl and then I felt a hot mouth on my neck. My wolf stud had found me and was giving me a bite on the neck. Without biting hard nor painfully, he growled and gnawed like a vicious canine. His arms wrapped around me and grabbed my tool and he said, "Where have you been? I have been waiting here for you since shortly after leaving BOOM."

"Wait a minute. What do you mean? I just brought you here from Out 'N About." I turned around. There he was dressed in his tattered clothes again. "And what happened to your clothes? First you had on these tattered clothes, then you were all nice and clean looking, and now you have these tattered clothes on again."

"You met my twin brother. did he tell you about his struggle to suppress his uncontrollable urge to ravish beefy guys like you. Come on. Let's go for a walk and I'll tell you the whole story. He always leaves out the best parts of the legacy."

*Cruisin' Carl - Continued from page 8.*

The next thing, we were walking down a nearby alley and suddenly he forced me up against the side of a garage. His strength was formidable, unearthly in fact. He began tearing at my clothes as he growled. I was excited by his ravishing and started tearing at his clothes too. The last button on his shirt gave way and I ripped his shirt off completely. That spurred him on with more intensity and soon my shirt was torn to shreds, on the ground.

He savagely began tearing at my jeans and the fabric started ripping. My jeans ripped completely off and he let out an ear-splitting wolf cry proclaiming his success. From far off in the distance, I thought I heard a reply which angered him. He grabbed, growling like a vicious, carnal, sex hungry wolf. He wanted me to know that I was his prize, alone. My only concern was to get this hairy wolf's pants off too. I reached down and grabbed each side of his fly with my hands and attempted to pull them apart, as he had done to mine. I couldn't do it, no matter how hard I pulled. I did not have his strength,

He let go of my equipment and grabbed his own fly himself. With a loud growl, he pulled apart with all his strength and slowly his pants started ripping in the same manner that mine had. His chest, arms and abs muscles all bulged to immense size. He looked like the hulk. A good looking hairy hulk, that is. Another loud growl and another fierce pull: his pants ripped down their entire length and landed in two piles on the ground. His clothes and mine were mere rags now. Discarded. The only thing left between us was pure insatiable lust.

He took hold of my wrists, pinning me against the garage. His strength was unreal and I could barely move. My tool which was as big and hard as it ever gets,

was drooling. He made a low guttural growl and stuck out his tongue. His growling became muffled as my tool disappeared completely.

Gradually, he brought me closer and closer to the grand finale and just before it was too late he started to back down. Slowly he let my tool withdraw, not on my decision though. I was so close that I let out a loud wolf cry in frustration, involuntarily. I was overwhelmed with lust and my tool was throbbing and had a steady stream of drool flowing down to the ground.

He pushed me to the ground on all fours. His tool was huge and throbbing. Bobbing up and down with his heartbeat. He dressed it in latex and began pressing it against my pineapple. I reached over to my pants with one hand while supporting myself like a three-legged dog and retrieved a pillow of Elbow Grease. I put the end in my mouth and twisted it open. He dribbled it down my crack and when it reached my manhole, his member began to slowly enter. Inch by tantalizing inch, he filled me with his tool.

Startled, I heard an earthshaking wolf cry out in the alley. My wolf stud let out a low menacing growl and drove into me with hard jabbing thrusts and I could feel his tool swell and pulse. He let out a howl and pushed me to the ground. My own tool pulsed and my flow came full force. The wolf growled at the shadow and the shadow growled in reply. The wolf lunged and chased after it and disappeared in the night.

I was left there naked with mine and the wolf's clothes, which were torn to shreds. I picked up my clothes and started to make a stealthy retreat to my PT Cruiser. But I turned back and picked up the wolf's clothes too, for a souvenir.

## About the Cover - Outwords Books

By Carl Szatmary

The year was 1993. The place was Milwaukee. Why has there never been a Gay Bookstore?

The 1993 PrideFest celebration that took place in Juncau Park marked the first official appearance of Outwords Books and Espresso Bar then known as Afterwords Bookstore & Espresso Bar. All those in attendance received an invitation to the store's Grand Opening. The "& Espresso Bar" would not make its first appearance until August 1 1993.

To celebrate its first year in operation, Afterwords closed for several days in May, 1994 to put finishing touches on the store expansion into previously what was office and storage space.

I founded Afterwords Bookstore and Espresso Bar with an initial business partner who has long since left the premise. In Spring of 1996, a guardian angel by the name of Barb Diaz jumped in and saved Afterwords Bookstore and Espresso Bar from near extinction, and in doing so, became co-owner.

Five years to the day of Afterwords Bookstore's appearance at the 1993 PrideFest, a fire started in one of the upstairs apartments, set the building aflame. This is the first and only television appearance for the store - taken by news helicopters for all three major local television stations, which broadcast enormous clouds of black smoke pouring through windows and holes in the roof. Although three apartments and the neighboring Laundromat had severely damaged, Afterwords was for the most part spared. Suffering minor damage, Afterwords would remain closed for four days until workers could restore electricity and water throughout the building.

Fire could not defeat us, nor could floods - of which Afterwords suffered twice. Faulty plumbing was blamed for the sev-

eral inches deep of water found in the store on the morning of Friday, December 8 2000. Loyal friends rushed in to help try to salvage merchandise and get up and running again in this key weekend before Christmas. Nearly \$20,000 in merchandise was lost. The flood - plus the blizzard of 2000 assured my worst Christmas to date.

Nor was 2001 to be blessed. Early 2001 found legal action threatening Afterwords Bookstore & Espresso Bar. At issue was "service mark infringement." Kramer Books and Afterwords Café in Washington DC brought the action forcing Carl and Barb to change the store's name or else face crippling legal fees.

Out of these legal ashes, Outwords Books Gifts & Coffee was born. As efforts were made to promote the new name, another flood occurred on Friday, May 11 2001. This flood caused considerably less damage to merchandise and again with the aide of many friends of Outwords, it was business as usual later that Friday.

Also beginning in 2001 was [www.outwordsbooks.com](http://www.outwordsbooks.com), a website created in conjunction with the American Booksellers Association's Booksense program.

Amongst the many authors who have stopped in at Outwords are Olympic Diving star David Sedaris, Greg Louganis, Leslie Feinberg, Michael Craft, Andrew Holleran, Katherine Forrest, Mark Zubro, Lori L. Lake, Ellen Hart, R.D. Zimmerman, Daniel Helminiak, Scott O'Hara, Claire McNab, Aaron Lawrence, Trebor Healey, Bob Smith, Jackie Calhoun, Robert Minor, Alex Sanchez, Betty Berzon, Richaed Isay, Will Fellows, Riki Anne Wilchins. Apologies to the many terrific writers we've missed.

2003 is a milestone year. This past July, we celebrated our 10-year anniversary and we could not have done it without the support over the years of our staff and Milwaukee and Wisconsin's incredible, wonderful LGBT Community. It hasn't always been easy, but it certainly has been a great ride and everyone here is looking forward to another terrific 10 years.

## Leather Bound

By Toby R. Sigle

# Leather Bound

This Holiday issue brings you special updates from some of our Wisconsinites now living in good old Key West where the leather boys are really naughty and HOT. A big Hello comes from our leather friends in Key West and Ft. Lauderdale, Florida.

We met with Gary, the President of The Wreckers Of Key West. He and his life-long partner, Bill, lived here in Madison 12 years ago. Gary started the Unicorns here in Madison. Their logo is up at Saloon 1 (men's leather bar) where you get to shoot balls wearing only your birthday suit. Careful with that pool cue!

Well, with Monty's permission we stole Smoky, the bartender from the New Orleans House to come and bartend for us at Saloon 1.

Saloon 1 is not where women go unless you are invited and only if you can handle the videos. They have an awesome cage with a dick mermaid. Yep, that's what they call him. All the metal art work, including the torture tables with rings and chains were done by Larry Heinke and his life-long partner Ron Bodoh who own the

Whimsey Studio. I will leave the rest to your wild imagination, but we got to see the real thing.

The original logo of the Mustangs above the men's bathroom door was impressive. It is an icon in Key West and has a lot of significant history. There is no women's bathroom there, but as we all know, no one really cares where you pee anyway.

For the record, there is a Leather Master shop owned by Pat and Buddy in Key West and there is a Leather Masters in San Jose, California and Pennsylvania. The Key West shop is not owned by the same people as the California and Pennsylvania shops. Pat and Buddy are both old timers of the Wreckers and usually so busy with Fantasy Fest and custom leatherwork, were not able to come to Saloon 1 to play. We had the privilege to visit the Leather Master the night before we left and Pat customized an arm band for me while we were checking out the store. Naturally we couldn't walk out without a T-shirt and Leather Master pin for my leather jacket. They are nice guys, check it out when you're there.
