Happy New Year Milwaukee!

I hope everyone rang in the New Year safe and sound. After the celebratory noise makers and traditional New Year's resolutions, come the requisite

headaches and realizations that every New Year brings in, so let's get to a recap of December and what's on the horizon for the New Year.

To begin, there were many X-mas parties to take in. I had a chance to stop in at a few and partake in the festivities. Switch's party on Dec. 17th had the house filled to the rafters, with owner Craig playing Santa with raffles for bar tabs and other goodies being given out. With Scotty AKA Lotta Misery and Nicole manning the tappers, a good time was had by all.

Dec. 10th, the always dashing Bill Wardlow and staff at Fluid pulled all the stops out to thank their customer's patronage. I stopped in a little too late. However, Bill and I decided to stop by across the street to see the illustrious Betsy at Walker's Pint. Unfortunately there was some major drama in the neighborhood at the newly re-opened Cielito Lindo where Orbit used to be. The tragedy there did not deter from the graciousness that Betsy showed us. I thank you for that. Between Betsy, Sheena, Maura, and the always yummy Brian at Walker's Pint, I think their party on Dec. 23rd will be a showstopper.

Speaking of shows, December had quite an eclectic mix come into town. To begin with, In-Step's Dear Ruthie headlined Charles Busch's Times Square Angel. I heard the show was quite entertaining with Ruthie getting special kudos in the lead.

There is even talk that the show might be opening in Chicago, with Dear Ruthie talking to the playwright herself. Who knows, maybe Milwaukee's very own advice columnist might be earning a Tony in the near future.

The MVM chorus had their holiday concert to a well received audience this month. A reception was held at M&M Club for the choristers and all the men looked so dashing in their tuxedos. Congrats to Rona, Ken and the rest of the group on another successful venture.

An MVM fund raiser had a group take in the Radio City Rockettes at the newly refurbished Milwaukee Auditorium. The show was a glittering array of sequins, high kicks, and colorful costumes making it a very yuletide "gay" experience. I met a few of the chorus boys out — Scott and Michael asked who was naughty and who was nice (gay). I was told that all the boys were very nice except for one naughty straight boy, but *that* Santa was very nice.

Also ushering the X-mas spirit was our divine Miss M roaring into town with her Kiss My Brass tour. What a fantastic show, with Bette pulling out songs that haven't been performed in years if at all in concert—it was gay Nirvana. Special accolades go out to David Howser for making special pins for this event. So many people wanted to buy them, that I'm sure he would have made out like a bandit if he had a vendor's license at the concert.

One show that didn't materialize was with a certain drag diva. Even though this show was going to be her "baby" the bar owner couldn't agree on negotiations. I guess we will have to wait till next year for these Mary "Jane" girls to perform.

Dec. 20 and 21, M&M hosted their customer appreciation party and sing-a-long, with the delightful Tony and Bonnie at the piano and the Crazy Riverwest Accordions fronted by Don and Sara. I'm sure Boo-Boo will be practicing on his own squeeze box for next year.

BIRTHDAY BASH BENEFITS BESTD Second Annual LaCage Fundraiser a Rollicking Success

Milwaukee - (Dec. 4, 2003) The second annual LaCage fundraiser netted \$1,000 for Milwaukee's Brady East STD Clinic. Because the clinic depends on donations for most of its operating funds, events such as this are critical to BESTD's ability to continue serving the Milwaukee community.

The fundraiser, held at the Walker's Point area club on Nov. 19, was in honor of LaCage owner George Prentice and general manager Sean Christman's birthdays. Money was raised from a cover charge and raffles. Patrons were treated to drag shows and a moving, pre-recorded video message from Prentice, who was unable to attend in person.

"We are deeply indebted to the LaCage staff, the performers and the attendees," said Kevin Lynch, BESTD clinic president. "And, we want people to know that their donations go directly toward helping our clients. Since BESTD is entirely staffed by volunteers, not one cent of any donation goes toward anyone's salary. Fundraisers such as this allow us continue to test, treat and counsel the people who need us."

The Brady East STD Clinic is a Milwaukee based clinic whose services include:

- Free, anonymous or confidential HIV testing and counseling
- Free hepatitis vaccinations
- Free men's STD testing, diagnosis and treatment
- Traveling HIV testing and counseling clinics
- Educational programming
- Support groups

The BESTD clinic is a not-for-profit Wisconsin corporation led and staffed entirely by volunteers. Its primary sources of financial support are donations and fund-raising activities. No fees are charged for services and no one is ever refused service that BESTD offers. The clinic has been serving the community since 1974. For more information call (414) 272-2144 or visit us at www.bestd.org.

Chi-Chi — Continued from page 2

I would like to thank in print the wonderful job that Downtown Auto Body and owner Tony did on my car after my recent mishap. Thanks again; and if you need any work done, on your car that is, give him a call.

A certain comparison shopper had the chance to sample the wares of two ex-lovers recently — I tried to flash an SOS signal at the truck, however there wasn't a response. Maybe they were checking to see if the dipstick was properly lubricated.

One hook-up that didn't happen was a certain Madison boy who was suppose to have a "Booming" time with a bartender. Although he didn't get to see the bartender's new digs above the bar, he didn't leave empty handed.

I'd like to wish one of my best friends, Bobby aka Birdie, a happy belated birthday. Even though he took a tumble after being at a couple of straight bars, includ-

ing my alma mater Von Triers, he still made it on a plane to Key West with his friends Phil and Paul. I hope the scar won't leave a weird tan line on your forehead. Other snowbirds heading for the Sunshine State are David and Sal, and M&M's songstress Melissa and her other half, Janet. I hope you bring some of that warmth back with you.

I had an awkward reunion with a special friend from by past. All I can say is that I must have orientated this person well, because now he has a boyfriend. I wish you well and hope you are finally happy! Good Luck!

One guy that is very comfortable with his orientation, was a thong-wearing Victoria's Secret model. He enjoyed sharing his secret for all to see one afternoon and all I can say is that red is his color.

Tales from the Trailer

By Terry Halverson

Happy New Years All

To end 2003 was quite busy, with a Bartender friend and I venturing off to WANDO'S Bar on the Madison Campus for Smirnoff's Martini Contest. Yes, Club 5 was in the finals. After a few Smirnoff Twists and some wonderful appetizers, Rob was asked to mix up the Perfect Martini along with four other contestants. While Rob was mixing up his Martini, to my SURPRISE, a few lesbians came in from the local liquor store to help cheer. How it ended up, Club 26 Fort Atkinson won congrats. The party didn't stop there; we continued to mingle in the crowd and talk to several of the wonderful Smirnoff Staff. I would like to note that the Smirnoff Staff was absolutely wonderful. Oh, thanks for the Blinky Cubes, Pam :) they will go on the February Cruise.

I hear Ron R., an old club bartender pal of mine, celebrating six years in Madison, decided to rent a limo to take six of his closest friends out for a night on the town.

Those chosen were: Desi, Toni, Amanda, Diana, Cory (Spanky)... oh, and Danno. The limo picked 'em up and took 'em to Shamrock and Rainbow Room for a drink and Shot at each place. Then it was off to Milwaukee, champaign and beer flowed as all partied and told stories. Heard their first stop was Out 'N About in Milwaukee. A little BIRD tells me the friendly staff made them feel very welcome and a salute goes out to the DJ for great music. Then it was off to La Cage and Walker's Pint. Heard Ron was hit on by three females OMG. Thanks Chris, at La Cage, for showing my friends a great time in your city. P.S., the limo was almost as long as my TRAILER.

December, I went out with several parties. Sorry I was not able to make them all. The FEW that I was able to attend were Absolutely Fabulous. December also brought a friend of mine, Scott, a year closer to my age.

Well did you get everything and then some for Christmas??? Santa Clause must of been watching through my windows as he knew exactly what I wanted. Yes, you guessed it, a remote electric start so I can aim out the TRAILER window to start my car. What a great compliment to my CLAPPER.

January 2004 takes me to Orlando and St. Pete. YES THE PARLIMENT HOUSE (GAY RESORT) called and said, Terry your room is available. So a friend, Todd, and I are off for FUN IN THE SUN. Yes I have my rainbow sticker packed for the rental car.

The year went out with a fabulous New Year's Eve at Club 5 with old and new friends. I had a challenge. A LESBIAN wanted to arm wrestle Trailer Terry as her gal pal's all gathered around to watch. I put her on hold. Her arm was bent on the bar, ready, but I wasn't. After taking off my RINGS, WATCH, BRACELET and placing two bar towels on my side and hand lotioning my hands, the countdown began. 3-2-1 and about 32 seconds later who do you think WON???? Let's just say I am now driving around with a bumper sticker for January 2004 that reads GIRRRLLSSSSSSSS RULE. What's up with that.

See you all in 2004 and that means you too, CHI CHI get ready. As always, be nice to yourself and others and try to be safe but happy.

God Love Your ASS!!!!!!!!!!!!!!

Cruisin' Carl Goes Buck Hunting at Captain Dix

By Cruisin' Carl

After nearly two hours on the road, I pulled into Captain Dix. I had seen their ad in Outbound that proclaimed "Bang Your Buck!" and I thought I would check out the place and do some cruising. After the long ride, I was planning on banging some buck, the two-legged variety, that is. The place had a quiet, peaceful, sexy ruggedness feel about it. I could sense that a big buck was somewhere close by, looking for another buck to tangle his horns with. I came with nothing but the clothes on my back so I wasted no time unloading my PT Cruiser and headed directly to the bar.

The bar was bustling with quite a lively crowd; some standing and some sitting at the bar. I spotted a big beefy buck sitting near the far end of the bar. At first I just stood at the opposite side of the room and stared while he sipped his drink and talked with the cute bartender. Almost a minute passed when the bartender turned and noticed me. He motioned for me to take a seat at the end of the bar, next to the big buck that he was talking with. This was great. Not more than a few minutes after pulling into the resort, I was hitting pay dirt already. I hastily but casually made my way over through the crowd. I couldn't believe that there would be any seats left at the bar and yet there were two; one on each side the beefiest, sexiest guy in the joint.

As I took my seat, he turned and looked at my crotch and then slowly advancing up, pausing to look at my chest and then looked right into my eyes. It was as if he were looking right into my sole and reading my thoughts as I stared back with lust. My tool began to stir and he looked down at my crotch again, breaking eye contact and releasing me from my trance. The stud looked up, his eyes following something moving from behind me on my right

and around to my left. As I turned to see what the stud was looking at, another big muscular guy approached the other empty chair and sat down. He was just as sexy and beefy as the guy next to me and I began staring, looking at his bulging crotch which looked like he had his fist down there; and what must have been his tool, looked like a firehose stuffed down the leg of his jeans. The two guys were equally matched in all the right places and they were making me into a horny rutting buck. I was sitting there in a trance again.

"Hey bud, what'll ya have!" the bartender asked, bringing me back to awareness of the crowd with all its sounds and commotion. I ordered a drink and watched the two bucks carry on a conversation. They seemed to be together and I figured that I better not waste my time so I chatted with the cute bartender. He might have some spare time on his hands (and knees) after the bar closes. But, just then another guy came bounding in behind the bar and made it clear that he was the bartender's partner for life and they were the owners of the resort. Damn, just my luck. Each potential buck I meet up with turns out to be with someone or is already married. Anyone looking at me would have seen the most awful look of despair. I began contemplating the idea of leaving.

Just as I was about to get up, the second guy, the one with the firehose hanging down the leg of his jeans, got up to leave. He told the first guy that he couldn't keep his aunt waiting any longer and needed to be on his way. They said their good byes and the first guy wished the other a safe trip.

Now I saw my luck turning again to my favor. Now I had a chance for this big trophy buck and I was feeling horny again. Now was the time to make my move before anything or anyone could get in the way.

Cruisin' Carl — Continued from page 6.

Being a bit cautious and not wanting to cruise a guy that was attached to someone else, I asked him why the other guy left. His answer was that the other guy had to go and console his aunt who just became widowed. He said he didn't know any more than that because they just met.

Perfect, I thought. He was not attached and was fair game—a lone buck in the woods. I bought him a drink so that we could talk and get to know each other while I planned the hunt. He was wearing a tight pullover shirt that showed his muscular chest to its best and I noticed an extra little bump just below each nipple revealing the fact that he had pierced nipples with body jewelry inserted through them. I planned to nibble and suck on his sensitive pierced nipples. Tickling them with my tongue, tugging on the rings with my teeth and grinding my chin into his rock hard pecs. My tool was getting harder and harder as I fantasized while talking to him.

He must have been reading my mind because he reached up and grabbed the ring in his left nipple and tugged on it. He gave me very seductive smile, running his tongue lightly across his upper front teeth and groped the huge bulge between his legs. I was totally aroused — my tool growing hard with a large wet spot developing along its path as it inched its way down my pant leg. He reached over and ran his finger down the length of my tool and wiped up what he could of the wetness. He put his finger in his mouth, sucked it clean and got up from his chair. He took hold of me by the arm as he leaned over and said, "I know you're as horny as I am. You're like a buck in rut. Let's go to my cabin and we can **Bang Our Buck!**"

Once in the cabin, we starting pulling each others clothes off, eager to get each others firm muscular body exposed. We left our

clothes in a heap on top of a pile of blankets near the door of the cabin. He picked me up with his manly strength and practically threw me onto the bed. He had an aggressiveness that said he was in charge and I was to let him do whatever he pleased. Crawling on top of me and hooking each leg around each of mine we became an intertwined mass of muscles. Groaning and moaning as we ground our tools together, dripping with anticipation and leaving slick trails across my belly causing the hair to twist in a myriad of swirls that later would remind me of this big rutting buck.

From underneath the pillow, he retrieved a large condom and handed it to me as he brought his huge tool up to my chin. He did not have to tell me what I was supposed to do and I tore the package open and rolled the condom down to his base. It was a very tight fit and just as I was finishing the job, his meat expanded even more and was as hard as rock. Slowly he dragged his tool down the underside of my chin and neck, between my pecs, down the line of hair to my navel and then paused just as his tool met with the end of mine.

After a moment of teasing the sensitive underside he continued down my shaft and gave my jewels a gentle kneading. He was teasing me and I was loving it. I was drooling profusely and my navel was overflowing with the clear slick substance.

Finally, he guided the tip of his meat down to my man hole and began to probe. I was anxiously waiting for him to penetrate me as he teased, probing repeatedly without forcing himself in. My hole was starting to spasm involuntarily, trying desperately to draw him in, when all of a sudden someone began pounding on the door.

"Hey! Open the door. I forgot my key," were the words coming from the other side of the door.

My heart practically stopped and the pounding continued incessantly. Then my buck quickly got up off the bed, picked me up like a babe in his strong arms and set me down next to the pile of blankets by the door. He said "Sshh," as he held his finger to his lips and handed me my clothes. Then he pulled off the condom with a loud snap and placed it on top of my clothes and covered me with the blankets.

Cruisin' Carl — Continued from page 8

I heard him open the door and let in the person who had been knocking. The guy came in and said, "I came back early. I saw the way you were looking at that hunk in the bar and figured that I better not leave you alone. But, I see you are alone and by the looks of that huge, hard piece of meat bobbing up and down, you need a good old fashioned poking."

I could hear the guy stripping off his clothes and I carefully peeked out under the blankets to watch. The new guy was really big and tough. I dared not blow my cover and just remained quiet and still as I watched him undress. I became a voyeur and decided to enjoy the sight. He had an even bigger tool than the first guy and it was equally hard. He pushed the guy down on the bed and lifted his legs up in the air. He had him positioned and primed for penetration as he let the guy on the bottom roll a condom down his shaft. Brutally penetrating his man hole, he groaned and pumped his load while the guy on the bottom shot his, hitting himself in the chin.

Spent, the two fell asleep and started snoring. I took that to be my clue to get out of there. With my clothes in hand and not a stitch on, I quietly opened the door and ran for my PT Cruiser. I didn't bother to get dressed, I just headed for Madison at a speed well over the limit. I wanted out of there.

I was cruising along and in my rear view mirror I saw the lights. Shit! I was being pulled over by a cop. My clothes were in the back seat and there was no way I could get them and get dressed before the cop would be alongside to question me. I begged fate to let him be cute and horny.

I was watching in my rear view mirror as the cop got of his car. He was a big muscular guy. Yes, he was definitely a hunk of beef and I was getting aroused. I thought either I'm busted or I'm going to have a really good time.

Well, let me just say that I had a really good time and I'll tell you all about it next time.

Outbound's Guy for January - Thomas Patrick

Congratulations to Tommy, the winner of our first Cover Guy contest held at XS Night Club in Green Bay, Wisconsin.

A good looking, outgoing 37-year old man who enjoys listening to Madonna and looks absolutely stunning in an itty bitsy bikini-style swim suit. He had the crowd going wild with a lot of shouting and cheering. He truly is a handsome beefy hunk to make the Staff of XS and us of Outbound someone to be exceptionally proud to show off on this issue's cover of Outbound.

Next time you are in Green Bay and run into Tommy, buy him a shot of Jack and don't forget to back that up with a Captain 'n Coke, his favorite spirits.

His favorite color is purple and his favorite sexual position is as a bottom and most unusual place for sex has been in a hotel swimming pool. Hmmm? We are wondering if he knows Cruisin' Carl (just kidding). Supposedly, he also likes doing it in a sling.

Thanks, Tommy, for a wonderful and XSively great time in Green Bay.

Chi-Chi — Continued from page 3.

A group that wasn't wearing thongs was the olympic "mooning" team that had the West End Girls taking top honors. I have never been so proud.

I would like to make a retraction for my friend Pete. He doesn't work as general manager at Blu, but rather the twinkling dervish Polaris atop the Hyatt. So sorry!

I hope my fellow columnists Ruthie and Karen Valentine will be in print again real soon. You are both an asset to this com-

munity and your voices in print are sorely missed.

In conclusion, I hope to be at Fluid for Milwaukee's debut of Outbound's Cover Guy contest on January 15th and "moi" celebrating a 30-ish birthday on the 17th.

Till then...

Keep the liquor flowing and the talk cheap!—Love, Chi-Chi
