A man with short brown hair, wearing a grey ribbed sweater, is smiling and looking towards the camera. He is sitting at a bar or counter. In the background, there are blurred neon signs, including one that says "BAR" in blue and another that is red and yellow. The lighting is warm and indoor.

Welcome to Ruthie's Bitchin' Kitchen

You know those nights you're the life of the party? The bell of the ball? The queen of the dance floor? Everywhere you go, men are clawing you at. You have to beat them off with a stick, for Christ sake! You turn heads everywhere, and everyone wishes they could hang with you and your friends.

The drinks are flowing, the laughs are frequent and the music is pounding. It's a night to remember and you're the king, baby! Then at 3:00 a.m., you find yourself home...alone.

No matter...you're the king, right? Think of all those guys who wanted you tonight! You look in the mirror and find a little food stuck in your hair—maybe some spinach between your front teeth. Why didn't someone tell you about that? Oh, God! Maybe you weren't so hot after all. Wait! What's that? Is that vomit on your pants? What the hell is that?! Oh God! What happened to your under-

wear? Where did it go?!

You're home, you're drunk and you're a hot mess. Well, go to bed...but you've got to eat something first. You know you need something fast, easy and tasty to soak up that booze, dontcha? Damn it! You've never been so friggin' hungry. Well, don't worry, Ruthie is coming to the rescue.

Next time you need to stuff your face after a hard night of partying, pickup this copy of the Bitchin' Kitchen. Don't have much food in the house? You should be able to whip up something tasty with one of these recipes. They call for basic items and no measuring. Just put the recipe together and enjoy.

Got a hankering for pizza but it's too late for delivery? I got ya covered. Want something sweet before passing out? I got a recipe for ya. Tired of all these questions? Well, then eat good and shut up!

Rocky Road Roll-Ups

Wauwatosa Kevin writes, "Here's a great camping recipe you can make at home in no time." I couldn't agree more, Kevin! Thanks for sharing, your free T-shirt is on the way!

Peanut butter (a few tablespoons)

1 wheat tortilla

Mini chocolate chips

Mini marshmallows

Chopped almonds

Turn on broiler. Spread peanut butter on the tortilla. Sprinkle with chocolate chips, marshmallows and almonds. Roll up tortilla and wrap it in aluminum foil. Put wrap on a baking sheet and set under broiler for two minutes or until mixture is melted inside. Don't forget to turn off the broiler, ya drunk!

Ruthie's Culinary Clues

You can use flour tortillas for this recipe, but Frank points out that the wheat variety add a graham-cracker like flavor. Don't have mini chocolate chips? Use whatever you have on hand. You can even break up a chocolate bar. No almonds? Use whatever nuts you have, or leave them out altogether.

Drunk Pizza

When you drag your keester home from the bars and you're out of frozen pizza rolls, this is a surefire winner. Trust me, they taste better than they sound.... particularly at 3:00 a.m.

Crackers

Spaghetti sauce

Cheese

Spread out as many crackers as you want on a microwave-safe plate. Set a small amount of sauce on top of each cracker. Top the crackers with cheese. Microwave for 20 seconds or until cheese begins to melt.

Ruthie's Culinary Clues

The better cracker, the better bites. If you've got pizza sauce, use it damn it! Feel free to top with whatever cheese you've got on hand. Add some sliced olives or mushrooms if you've got 'em.

Wasted Spuds

The starch in potatoes can actually help beat your hangover so you feel a bit better in the morning. Plus, the potatoes are hearty enough to fill you up before you hit the hay for the night.

Instant mashed potato flakes

Hot water

Butter

Tortilla chips, crushed

Cheese

Prepare the potato flakes as directed on the package, using hot water and butter. Set potatoes in a bowl and top with chips. Top with cheese. Microwave for 1 minute or until the cheese is melted.

Ruthie's Culinary Clues

If you have leftover mashed potatoes use those. This is obvious, but I'm telling you in case you're reading this while you're drunk. Use only enough chips to cover the top of the potatoes...a handful or so.

Fucked-Up Fruity Tutti

Okay...I'll admit that after a night of drinking, fruit doesn't exactly hit my spot. This is a great, light bite, however, when you wake up in the morning and you're too hung over to make your john anything else.

4 graham cracker squares
Fruit- or vanilla-flavored yogurt
Strawberries or banana, sliced

Top each graham cracker with yogurt and fruit. Eat it. Go back to bed and sleep it off, ya drunk.

Cordially Yours

And once again it's the month of giving Thanks - - time sure does fly!

This month marks the 32nd anniversary of the Holiday Invitational Tournament (HIT). Wishing all the participants many strikes!

Mel Brooks' "Young Frankenstein" makes its Milwaukee debut Tuesday, November 2 – Sunday, November 7. The Marcus Center for the Performing Arts is transferred into Dr. Frankenstein's Laboratory. To partake in this musical comedy experiment, please call: 414-273-2787.

The beautiful Sharon Lynne Wilson Center will host Kurt Ollmann and Jack Forbes Wilson the weekend of November 5 and 6. Later in the month, that master of the keyboard, Wilson, will take on Thee master of the keyboard- Liberace in "Liberace!" for the Milwaukee Rep – Stackner Cabaret – Friday, November 19 – Sunday, January 16, 2011. Liberace is a hot character/topic these days – Michael Douglas lobbied for and won the role for the Hollywood biopic and Matt Damon will play his Lover. Milwaukee's favorite son, gone, but not forgotten!

That same Friday, November 5 – Belvedere Vodka proudly presents their cover girl Chelsea Handler in The Chelsea Chelsea Bang Bang Tour at the marvelous Milwaukee Theatre.

Gilbert and Sullivan's "H.M.S. Pinafore" is launched Friday, November 19 – through Sunday, December 19 to board, your port of call is The Sky-light Opera Theatre.

Potawatomi Bingo Casino is promoting Ru Yi located at the bottom of the escalators as you cross the skywalk. Do you have a yen for Authentic Asian cuisine – daily lunches for the affordable cost of: \$8.88, and a variety of special dinner features.

Recently on a fabulous Friday night at The Room of Boom, Rona formerly of The Room, hosted a cock-a-lock-a-party with his current pals of Potawatomi. The pretty Princesses of Potawatomi that came out and played were: Chee, Kala, Leah, Tina, and Rodrigo. These Beauties can be spotted delivering beverages at the casino – their answer to the Playboy Bunny.

Greg (Myrna) of The Ball Game and Friends, including James, not Charles, as I've identified him in past columns, thought they were at Grauman's Chinese Theater. What with all the nasty construction on south Second street - - and the wet cement, calling out for their autographs and hand and foot prints.... Rest assured, a county worker came by and took the temptation away, mighty fast.

Milwaukee hosted a Film Festival. It even had a bit of Hollywood when Susan Sarandon made an appearance after a special showing of "Thelma & Louise", receiving an award for an outstanding body, and outstanding body of work, as well as promoting her Ping Pong Parlor, Spin-Milwaukee. Spin started in NYC, but they are popping up all over the country.

Thanks to Joe Pabst, I was able to view William S. Burrows' – "The Pope of Dope" biopic. What a fascinating individual, who led an equally fascinating life! Dinner before hand at Lake Park Bistro was as irresistible as the host and the equally charming dinner companions: Jerry Janis of Aurora Health Care and Tim Sullivan.

I finally dined at the other Bartolotta's must try – The Harbor House. Trust me; they live up to the hype. Dinner was an incredible experience Marc and Caitlyn were our extraordinary servers and complimented every tasty morsel. Five stars!

In the job well done category - - this month I can report that the Wisconsin AIDS Walk rose:

SHOCK POP

The Rise of the Wild Child Popper

By Will Baker

Madonna ignited shock pop as we know it today when she performed "Like a Virgin" at the 1985 Video Music Awards wearing a combination bustier/wedding gown, and her trademark "Boy Toy" belt. And who can forget 2003 when portraying a groom, she open-mouth kissed her brides, Britney Spears and Christina Aguilera?

These days, it's not only Madonna who is using shock to grab attention for her music. Christina raised eyebrows with "Dirty", followed by Katy Perry who "kissed a girl and liked it". Today's leading players of pop – Ke\$ha, Adam Lambert, and of course, Gaga - are gaining notoriety by being untamed and unashamed.

Now a new crop of young artists are upping the shock ante, doing things never-before-seen in pop music. Is today's celeb culture teaching fans that it's weak to be meek?

KILLIAN WELLS – Blonde Bi Bombshell

Do you see yourself as a shock pop artist?

KW: It's not intentional. I'm simply unwilling to censor myself. Art stops being art when you neuter your creativity. **The boy-on-boy kiss in the video has shock value.**

KW: It's about time a mainstream artist had the balls to do a boy-on-boy kiss.

Has the kiss brought the attention to the video you hoped it would?

KW: I find more people are shocked by the drunken vomiting in the video.

Artists like George Michael and Ricky Martin hid their sexuality while they were on the top of the charts. Is sexuality more accepted today?

KW: There's still a long way to go but society is definitely more open-minded now. Lady Gaga and Adam Lambert have huge followings. It goes to show that a so-called 'alternative' sexual orientation isn't a deal breaker anymore.

Who is your shock-pop idol?

KW: Prince because he did it all without fear.

Sometimes being too shocking can derail an artist's career. When Josie Cotton released "Johnny Are You Queer?" in '81, she lost her record deal. Do you fear it may be too soon for a guy-on-guy kiss?

KW: I was nervous in the beginning but the response has been way positive. I'm working with some major people in the music industry because of the attention from the video.

Are you being a good role model for today's young listeners?

KW: I hope I can be a role model for young fans who are afraid to be themselves. However, I wouldn't encourage young listeners to go get drunk we do in the video.

What do you say to parents who might feel your free-for-all-sexuality is sending the wrong message to their kids?

KW: My bisexuality isn't promoting promiscuity. I'm actually a monogamous, relationship-oriented person, which is a rarity regardless of sexual orientation. It's irresponsible for parents to make their kids feel they have to fit a mold to conform to society's standards.

What does your own mom say?

KW: My parent's views used to be very old school but I've enlightened them.

Is today's celeb culture teaching fans it's weak to be meek?

KW: It's not new for celebrities to do things that are seen as taboo. Pop stars can't be blamed for someone else's actions; that would be like saying porn stars are responsible for people having sex.

Will you continue to push the envelope in your next songs and music videos?

KW: Definitely, I'm not holding back.

COURTNEY ACT – Wonder from Down Under

Do you see yourself as a shock pop artist?

I don't but I can see how someone from a different walk of life might think I am.

Gender bending has a certain shock value.

There is something captivating about drag.

Are people still surprised to learn you're a man?

Surprised, confused and baffled. I love when a guy is flirting and slowly he starts to see what he is looking at.

The wig lace, the eyebrow plastic, the stubble...?

Yes! There is that moment when he'll look around to see who is watching and then he'll shrug his shoulders and come home with me.

Do you always get the man?

Always.

Would you have been selected for Australian Idol if you were a real woman?

I believe so. Drag aside, I was still delivering a great

package. Look, sass, voice, and makeup.

Why did you decide to compete as an out artist?

I could never deny who I am in order to get ahead in my career. We all dress up and create our selves. As RuPaul says, "You're born naked and the rest is drag".
Did RuPaul pave the way for other drag artists?
There were many before Ru. Danny LaRue, Lilly Savage, Amanda Lear, Pete Burns, Boy George, Priscilla Queen Of The Desert. I suppose once you have a Swarovski like RuPaul, everyone else seems like cut glass.

Who is your shock-pop idol?

Cher. Anyone who wears Bob Mackie actually.

Is America ready for another drag superstar?

In Australia, I'm the face of Sheer Cover Mineral Makeup. I'm no Joan of Arc, but it is pretty revolutionary to have a female illusionist selling the illusion of beauty to Aussie females. I hope to have the same success in America.

Are you being a good role model for today's young listeners?

Our world is so polarized. Black, white, boy, girl, gay, straight. People look at Courtney and have to re-assess what they believe to be true. I am proving that you don't have to fit into the mould that society has defined. That's a good thing.

What do you say to parents who might not agree with you?

Parents should not impose their judgments and conditioning on children. Fill them with joy and let them lead the way.

Is today's celeb culture teaching fans it's weak to be meek?

No, artists are making fans question their beliefs and values and getting them to re-think what is normal.

Will you continue to push the envelope in your next songs and music videos?

I will continue to be me and if that is pushing someone's envelope, then I guess I have done my job.

CARSTEN ANDERSSON

— PopPorn

Do you see yourself as a shock pop artist?

I probably am. Pretending to be the clean, innocent boy-next-door wouldn't work for me. I can't compete with Justin Bieber.

Why did you decide to come clean about your porn past?

You can't hide something like porn. It would come eventually. Better to tackle it head-on.

Has it helped bring attention to your singing career?

Without my porn past, I'd be just another boy with a song out. Porn has made people take notice. They want to see what this boy can do other than get naked.

Artists like George Michael and Ricky Martin hid their sexuality while they were on the top of the charts. Is homo and bisexuality more accepted today?

I think there is always going to be some issue with being gay. Not with *being* gay but with being open with it.

Who is your shock-pop idol?

Not Lady Gaga. Most things I see from her seem copied from artists of the past.

Katy Perry?

I don't like her. I find her boring.

What about Madonna?

Madonna in her early years: definitely! Madonna today: not really shocking anymore. I like the trashy Europop stars from the 80s that *really* knew how to shock. Amanda Lear was a transsexual who fooled the world for years that she was a woman.

Is America read for a pop-porn star?

Paris Hilton built a career out of porn. Other celebrities have followed, pushing their "accidentally lost private porns" on the internet.

What do you hope to prove with your song?

Honestly? Nothing. The song is called "Fun" and that's all it is. I did it for fun; no deeper reason. Basically, I had done movies, photos... we thought what comes next? Ok, let's make a song.

Have you retired from films?

No. I'm open to doing more. Maybe *the* big shocking movie is still yet to come.

Do you do porn for the money or for fun?

It's not the money. I can think of a thousand better ways to earn cash. Porn is the only job I feel comfortable with. I know my way around the bed, or on the couch, or in the barn (laughs).

Do you consider yourself a good role model for today's young listeners?

Hell no. What would happen to the world if young boys took me as a role model? Scary thought.

Will you continue to push the envelope with more songs?

I never make plans beyond the next 24 hours. I have a real messed-up mind. One day I want this, the other I want that, and finally I end up in Japan shooting a manga porn.

Well October has come and gone and now is time for November to chill us to the bone and make us wonder why we stay in this screwy mixed up state of ours, but alas there is nothing I can do to change it so I will deal with it just like the rest of you.

Before I get going here I wanted to remind all of you to VOTE!! And if this ends up getting printed after the vote then congratulations for those of you who did your country/state proud and voted. And for those of you who didn't vote, SHUT UP AND QUIT BITCHING! Nothing ever changes if you don't make your voice heard! So register and make sure you vote at the next election!

Last month I kind of swerved off the path and started talking way to much about IDA and KV, and something about a squirrel if I remember correctly. But this month shall have none of that silliness, so let's get down to it.

This month we are going to get back to the heart of what this column really is piercing and tattooing! This month I had a hard time figuring out what to talk about so I just threw a dart at a dart board to guess what I should write about, you know the same way the weatherman does it. And this time we are going to talk about how to find good quality jewelry online. So let's just get to it shall we?

The first step is . . . uhhmmm . . . okay I guess I kind of lied to you, there really is no possible way to find good quality jewelry online. There just isn't I'm sorry to say that the wonderful god of pornography and YouTube has failed us again.

You just can't judge quality by a picture that may not even be the same item you are ordering. A lot of times the jewelry is so horrible that they get one piece that looks good and they use it, and only it, to show the example of the product. Most of the time when you order something online you know what you are getting because they manufacturing of that product is held to some rules, regulations, or standards of some kind. Guess what, in Body jewelry it isn't. I could make body jewelry in my bathroom while I take a dump and call it body jewelry. Now I am not trying to say that all online body jewelry is bad I am just saying that most of it is. And of the jewelry pieces that are out there, there is no way for you, the consumer, to know if it is good or not until you order it. And once you get it and open the pack to look at it

you can't return it anymore!

Another thing about jewelry online is that most of it is made in third world countries, thus not supporting our own economy but that will have to be another column, where the manufacturing standards are considerably less than here in the good old USA. Most of the time this jewelry can't even be called surgical steel once it enters the country because it test so low on the metallurgy (big word for science of metals) tests!

This brings me back to my original point that you just can't find good quality body jewelry over the internet. Now to those of my readers who think they have good quality jewelry from the net I urge them to show it to me and prove me wrong! In 10 years I have never, and I mean never, seen good quality jewelry off the net. So the best advice I have to buy your jewelry locally at professional body piercing stores only!

I say buy at professional body piercing stores for a few reasons. Most of the places in the malls sell that same crap that you see online because they can buy it for about a penny and sell it to you for \$15

and make a big profit, so you really aren't getting around the craptastic jewelry that the internet has to offer. Also places in the malls and other stores which are not professional body piercers don't have the proper knowledge in order to educate you as to which type(s) of jewelry are going to work the best with your particular piercing. Also, when you go someplace that doesn't specialize in professional body piercing, you are really just a big dollar sign to them, they really don't care if you have questions about your piercing and even if you asked them they couldn't answer it correctly. So just go somewhere that the people working actually care about you and your body, professional body piercing studios.

Well it seems I have once again run out of room and right now my hands hurt so much from typing that I feel like I just went ten rounds at a "All you can squeeze out" competition. Until next month do your part to beautify our world, get pierced and tattooed! And Have a Great Thanksgiving!!

Locker Room Spy Guy, Jet Set Men

Director John Bruno has assembled a collection of the hottest of **Jet Set Men's** stable of jocks and has sent them to the showers in their suitably titled new release: **Locker Room Spy Guy**.

Once Josh Griffin buys a fitness gym, he realizes that he's likely to stumble across some naughty post-workout workouts. What an opportunity! The first of such encounters finds Dylan Roberts wanting to check out the abs of super sleek and sexy Tyler Andrews. From admiring Tyler's abs, it is quick work for Dylan's hands work their way under Tyler's shorts. There Dylan finds Tyler's piston primed and ready for another sort of workout. Initially Tyler lies back and lets Dylan do the heavy lifting and as soon as Tyler's legs are up in the air and spread plenty wide, Dylan starts messing with Tyler's taunt butt and quivering sphincter. Tyler's erection is unflagging as he in turn manfully rims Dylan, just as Josh sneaks a peek. Dylan continues to assume the position as Tyler mounts him from the rear. Dylan proves an enthusiastic fuck toy, working out quite a gusher as Tyler keeps up the anal assault.

Then Josh gets a really bright idea. Why doesn't he mount a couple of hidden surveillance cameras? When he does he is rewarded with even more jock-on-jock action. Big tattooed muscle stud Parker London isn't too happy to find Connor Habib sniffing his used jock and makes him pay by shoving his cock mercilessly down Connor's throat. Not that Connor seems to mind. When James Gates wanders into the locker room, he finds Connor is noisily working Parker's pucker and decides to join in. Before long the newcomer is getting spit roasted. When the players switch positions, Connor takes his turn on the bench with Parker banging him balls deep. Not wanting to be left out, James settles down on Connor's face for a tongue ride. Connor fires off first, a most impressive load. Parker and James quickly follow suit, Connor making sure to milk out every last drop.

Boasting some impressive tattoos on his even more impressive biceps, Brandon Bragg is deter-

mined to work out his post workout stiffness. Blessed with a cleft chin, a lantern jaw and raw slabs of muscles, Brandon can't wait to start fisting his uncut manmeat, doing so with reckless abandon. Taking care to caress his pecs and tease his red-rimmed pucker, Brandon slowly builds to the inevitable creamy climax.

When it is time for him to hit the showers, Brandon doesn't have long to wait for company. Enter Andrew Blue who is looking forward to a hot shower after his workout. Seeing Brandon Andrew revives quickly, whether be-

cause of the hot water or the hot guy is anyone's guess. After a little teasing and stroking, Andrew is rocket hard and on his knees and getting Brandon up to a full salute. Once the action is brought back into the locker room, the scene loses some steam until Brandon has Andrew on his back and banging him good and proper. Watching Andrew fire off a load, Josh, too, starts building up steam.

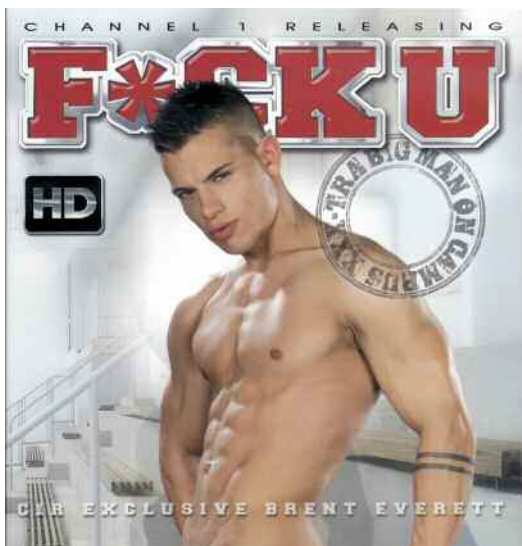

Josh is so turned on that when he catches Landon Mycles stripped down to his sexy black jock and jacking off, it is an opportunity he's not going to let go by. Now a **Jet Set Men** exclusive, Landon remains the quintessential boy-next-door although he has certainly bulked up some since his Marcus Mojo days with **Next Door Male**. Landon's meaty thighs take some effort to be pried apart. But once Josh does, he works first his tongue, then a finger or two and finally his sheathed hardon once Landon has given it a spit shine. Josh proves such an especially vociferous top, banging Landon ruthlessly, that other **Jet Set Men** might learn a thing or two. The scene climaxes with Josh and Lanyon lip locked and stroking, if not actually cumming in unison.

Director John Bruno might have had a bit more fun with the surveillance camera but no matter, **Locker Room Spy Guy** is another solid, entertaining **Jet Set Jock** title. Landon Mycles is one of the hottest bottoms around and both Tyler Andrews and muscular Brandon Bangs fire up some otherwise by-the-numbers locker room scenes. Rating *** 1/2 of *****

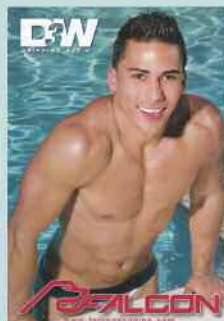

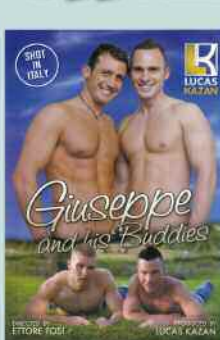

F*ch U, Falcon International

F*ch U heralds the return of Brent Everett in one of Chi Chi's laziest efforts to date. Those who remember Everett from his early twink days will be treated to one of the most perfectly sculpted physiques to be found in the business. He's featured in the sizzling opening scene in which he gives emerging superstar Steve Daigle quite a clinic in porn performing. The shower room location will look familiar to those familiar with **Locker Room Spy Guy**. Also from **Locker Room Spy Guy** is Brandon Bangs who is paired with cute, well-hung Dayton O'Connor. Chi Chi introduces each scene with her best tips in DIY porn and F*ch U dashes along at an unfussy 76 minutes.
